### What is The Springs Camp?

The Springs Camp exists to impact lives by creating experiences that develop and deepen relationships with Jesus Christ. We believe that our supporting community is full of loving people who want to make a difference. Our mission is best fulfilled when churches, families and others impacted by The Springs give back to the ministry through their time, talent or treasures.

### What is a Clay Shoot?

It is a clay shooting event where participants will move from stand to stand and shoot at clay disks as they are thrown into the air. We have two purposes. First, this event will raise money to provide camper scholarships and new cabins. Secondly, this is a great opportunity to lay up treasures in heaven. It's a chance to do something for others.
