The Springs is a Christian summer camp and retreat center in Gladwin, Michigan. We offer a overnight camping experience for campers going into 2nd grade through graduated seniors in high school. Our programs are age specific, and campers spend their entire day with their counselor. We offer great food, fun activities and awesome chapels. We have chapel twice a day, with great music and awesome speakers, challenging campers in their faith journey. A health officer is on duty 24 hours a day. We believe a week at summer camp can be a big part of development for a child, including independence, spiritual development, and developing lasting friendships.
